## **PURCHASE AND DELIVERY SODIUM HYPOCHLORITE FOR COBB COUNTY WATER SYSTEM**

**Questions Submitted in Writing**

**November 13, 2008**

**Question:** Can you please let me know the quantity you will need on the 55 gallon drums of Sodium Hypochlorite. The bid shows a total of 840,000 gallons in 55 gallon drums, totes and truckloads of 5M gallons, but does not specify how many drums are required.

**Answer:** In reviewing the bid documents it is noted that the bid is requesting quotes for 55 gallon drums and larger tote bins. At one time several of our facilities were not equipped with bulk storage capacity or remote locations require portability. The 840,000 gallons of bleach that is quoted in the bid package for annual usage is based solely on bulk orders and deliveries. Bid the drums and totes only for your convenience, if you wish, all purchases will be bulk orders.
